

Creationist Guide to SeaWorld

Friday, November 6, 2009

Creation Adventures by Science Partners

“God created great whales and every living creature that moveth, which the waters brought forth abundantly, after their kind.” Genesis 1:21

Join Bill and Merilee Clifton - creationists, Florida Master Naturalists, and science educators - as we explore SeaWorld from a creationist perspective. Bill Clifton, science educator and former head of SeaWorld’s Education Department in Florida, knows his way around the park! He will provide a unique and fascinating perspective of SeaWorld as we learn about the sea and the awesome creatures that live in it. Did you ever wonder why marine mammals have tails that move up and down instead of side to side like fish? Or why they are born tail first instead of head first like land mammals? Come along as we answer these and other questions, exploring SeaWorld from a creationist viewpoint and discovering how these unique life forms were specially created for a marine environment!

We will meet at SeaWorld’s Education Gate between 8:30 and 8:45 AM. Please make every effort to arrive early. Parking is \$12 per car. Drive through the main entrance; turn right just past toll booths into the education parking area, Lot G. Your creation tour of SeaWorld will last from 9:00 AM – 3:00 PM. Then, you are free to explore SeaWorld on your own until the park closes! You must exit through the Main Gate at the end of the day. We will have a short lunch break. Lines to purchase food can be very long. **Bring lunch in a disposable container.** No glass, straws, or coolers are allowed in the park. It’s a good idea to bring sunscreen, insect repellent, water, rain poncho, and camera. If you have questions, contact Bill or Merilee Clifton at 407-331-3427 or sciencepartners@cfl.rr.com. On the day of the event, you may call their cell phone, 407-808-4458.

Space is limited to the first 45 registrants! Minimum number is 30. **Minimum age is 5 years or in kindergarten.** *Children under 5 years of age are not allowed through the Education Gate.* A responsible adult must accompany all children. Make your check payable to **Science Partners** and send it along with your registration form below to 343 Allison Avenue, Longwood, FL 32750. **Deadline for minimum number is October 1, 2009.** **Late registrations will be accepted, space permitting.**

Registration Form: CREATIONIST GUIDE TO SEA WORLD - Friday, November 6, 2009

Last Name:		Address:
