

The Bear Essentials

Thursday, October 1, 2009
 Creation Adventures by Science Partners

“King David and his army are mighty men and they are fierce, like a bear robbed of her cubs in the field.” 2 Samuel 17:8

What is a bear? Where do bears live around the world? Could they be living in your neighborhood? Join Bill and Merilee Clifton – creationists, Florida Master Naturalists, and science educators – as we look at the major bear species of the world in general and then focus on our own Florida Black Bear. This bear is our state’s largest land mammal and, sadly, is on Florida’s threatened species list. Through a variety of activities, we will learn bear anatomy and physiology, behavior, seasonal activities and movement, life cycles, habitat requirements, and limiting factors. We’ll see a bear skull, claws, track, and scat (what’s that?!), as well as learn ecological concepts to help us understand how our actions impact the Florida Black Bear’s survival. Learn to “Be Bear Aware.”

This workshop will be held at Willow Creek Church, 4725 East Lake Drive in Winter Springs from 1:00 – 4:00 PM. For directions from your home, check www.mapquest.com or www.randmcnally.com. Creation Resources will be available for purchase. If you have any questions, contact Bill or Merilee Clifton at 407-331-3427 or sciencepartners@cfl.rr.com. On the workshop day, you may call cell number, 407-808-4458.

Family and friends of all ages are welcome! Minimum number is 40; maximum number is 80. A responsible adult must accompany all children. Cost is free for 3 years old and under and \$7 per person (adult or child) 4 years and up. **Make check payable to Willow Creek and send with registration form below to Tamara Cordell (Willow Creek Home Educators’ field trip coordinator) at 213 Friesian Way, Sanford, FL 32773. Deadline for minimum number is September 3, 2009. Late registrations will be accepted, space permitting.**
