

CREATIONIST GUIDE TO SEAWORLD

Friday, December 1, 2023

Creation Adventures by Science Partners

***God created great whales and every living creature that moveth,
which the waters brought forth abundantly, after their kind. Genesis 1:21***

Join Bill and Merilee Clifton - creationists, authors, Florida Master Naturalists, and science educators - as we explore SeaWorld from a biblical, creationist perspective. Mr. Clifton, former head of SeaWorld Orlando's Education Department, knows his way around the park! He will provide a unique and fascinating perspective of SeaWorld as we learn about the sea and the awesome creatures that live in it. Did you ever wonder why marine mammals have tails that move up and down instead of side to side like fish? Or why they are born tail first instead of head first like land mammals? Come along as we answer these and many other questions. Explore SeaWorld from a creationist viewpoint and discover how these unique life forms were specially created for a marine environment!

Meet near SeaWorld's Field Trip Check-In Booth at 10:00 a.m. It is located left of the main entrance, near bus / taxi parking. SeaWorld's toll gate opens at 9:45 a.m. Please make every effort to arrive early. **General parking is \$30 per car and subject to change** - unless you have a pass that includes parking. Your **Creation Tour** of SeaWorld will last from 10:00 a.m. - 2:00 p.m. Then, you are free to explore SeaWorld on your own until the park closes! As of 09/06/23, park hours on December 1 are 10:00 a.m. - 9:00 p.m. So, you'll have plenty of time after our **Creation Tour** to explore the park, and it will be decorated for Christmas! We'll have a short lunch break. We do not have time to wait in lines. **So, bring a sack lunch that you can carry with you. For the safety of the animals, the following are NOT allowed in the park: glass bottles, sharp objects, straws, hard or soft coolers, or hazardous items.** If you have any questions, please contact Merilee Clifton by email at sciencepartners@cfl.rr.com or call / text 407-808-4458.

Please note that SeaWorld requires 10 students without passes for an education group, and the number of adults without passes can't exceed students without passes. With those conditions met, there is no limit on participants with passes. Space is limited to the first 40 registrants! Minimum number is 25. A responsible adult must accompany and supervise all children. **TO REGISTER,** (1) make your **check or money order** payable to **Science Partners** and send it along with your registration form below to **343 Allison Avenue, Longwood, FL 32750** or (2) make your **Zelle** payment to **Science Partners** at **407-808-4458** and also email or text your names, cell number, and email address to Science Partners. **Deadline for minimum number is November 3. Late registrations may be accepted, space permitting.**
