Creation Adventures by Science Partners

“God created great whales and every living creature that moveth, which the waters brought forth abundantly, after their kind.” Genesis 1:21

Join Bill and Merilee Clifton - creationists, authors, Florida Master Naturalists, and science educators - as we explore SeaWorld from a creationist perspective. Mr. Clifton, former head of SeaWorld Orlando’s Education Department, knows his way around the park! He will provide a unique and fascinating perspective of SeaWorld as we learn about the sea and the awesome creatures that live in it. Did you ever wonder why marine mammals have tails that move up and down instead of side to side like fish? Or why they are born tail first instead of head first like land mammals? Come along as we answer these and many other questions, exploring SeaWorld from a creationist viewpoint and discovering how these unique life forms were specially created for a marine environment!

Meet in SeaWorld’s Education Parking Lot G between 8:30 and 8:45 AM. Please make every effort to arrive early. **Parking is \$17 per car** (unless you have a pass that includes parking). Drive through the main entrance, and make the first right turn past the toll plaza into Education Parking Lot G. Your creation tour of SeaWorld will last from 9:00 AM – 1:00 PM. Then, you are free to explore SeaWorld on your own until the park closes! You must exit through the Main Gate. We’ll have a short lunch break. Lines to purchase food can be very long. **We suggest you bring lunch in a small disposable container. No coolers are allowed in the park. For animal safety, no glass or straws are allowed.** It’s a good idea to bring sunscreen, insect repellent, water, rain poncho, and camera. Questions? Contact Bill or Merilee Clifton at sciencepartners@cfl.rr.com or 407-808-4458 (cell / text).

Space is limited to the first 40 registrants! Minimum number is 25. A responsible adult must accompany and supervise all children. Make your check payable to **Science Partners** and send it along with your registration form below to 343 Allison Avenue, Longwood, FL 32750. **Deadline for minimum number is March 25, 2016. Late registrations accepted, space permitting.**
