

The Bear Essentials

Friday, September 21, 2018
Creation Adventures by Science Partners

“King David and his army are mighty men and they are fierce, like a bear robbed of her cubs in the field.” 2 Samuel 17:8

What is a bear? Where do bears live around the world? Could they be living in your neighborhood? Join Bill and Merilee Clifton – creationists, authors, Florida Master Naturalists, and science educators – as we **look at the major bear species of the world** in general and then **focus on our own Florida Black Bear**, our state’s largest land mammal. Through a variety of activities, we will **learn about bear anatomy and physiology, behavior, life cycles, habitat requirements, and limiting factors**. We’ll **see bear skulls, claws, tracks, fur, and scat** (what’s that?!), as well as **learn ecological concepts to help us understand how our actions impact the Florida Black Bear’s survival**. Learn to “Be Bear Aware.”

This bear workshop will be held at The Classical School (FBC / Orlando), 3000 South John Young Parkway, Orlando 32805 in Room E2-215 / 225 from 9:00 a.m. – 12:00 p.m. For directions from your home, check www.mapquest.com or www.googlemaps.com. Creation resources will be available for purchase. If you have questions, you may contact the Cliftons at sciencepartners@cfl.rr.com or 407-808-4458 cell / text.

Family and friends of all ages are welcome! Minimum number is 40, maximum number is 80. A responsible adult must accompany and supervise all children. Cost is \$7.50 per participant, adult or child, 5 years and up. Children 4 years and under are free. Make your check payable to **Science Partners** and send with registration form below to 343 Allison Avenue, Longwood, FL 32750. **Deadline for our minimum number is August 31. Late registrations will be accepted, space permitting.**
