TO REGISTER, return these three things to Science Partners, 343 Allison Ave., Longwood 32750:

1. Registration Form - one for each student,
2. Registration Fee Check - made payable to *Science Partners*, and
3. Family Agreement - initialed and signed by student and one parent.

Your registration is incomplete until all three items are received.

Questions? Please contact Bill or Merilee Clifton at 407-808-4458 or sciencepartners@cfl.rr.com.

TUESDAY MONTHLY BIOLOGY

Family Agreement

**PLEASE NOTE: Student and one parent must read, initial boxes, and sign at bottom.
Registration is not complete until Family Agreement form is returned with registration form and fee.**

1. Partnership / Responsibilities: We understand that parents are the primary teachers of their children and that Science Partners is coming along side of our family to assist us in science education. We also understand that a successful year of science instruction depends on student, parent, and teacher involvement. We are committed to doing our part. **For we are partners together in God's service. I Corinthians 3:9.**

2. Science Philosophy: We understand that Science Partners presents science from a Creationist, Christian, Biblical worldview while making students aware of other worldviews.

3. Tests: We understand that a test will be emailed home each month to be administered by parents at home and turned in at the next class for grading. We will follow up immediately with any questions regarding test or grade. **We will notify Science Partners if we will not use tests and are taking class for enrichment only.**

4. Grades / Credit: We understand that this class meets national standards for High School Biology 1 with lab – 2000310. We also understand that Science Partners cannot issue credit, but will return graded assignments and tests and also issue grade sheets on a monthly basis. We know that we are responsible for applying for credit from our county or private school covering. **FOR FAMILIES WITH BIOLOGY STUDENTS: WE ALSO UNDERSTAND THAT NO LATE WORK IS ACCEPTED FOR HIGH SCHOOL STUDENTS, AND BIOLOGY STUDENTS MUST USE MICROSOFT WORD OR OPEN OFFICE FOR WRITTEN REPORTS.**

5. Attendance / Punctuality: We understand that **these ten biology classes must be a priority and each student needs to be in attendance and on time for all ten classes.** This shows respect for the teacher who has prepared for the class and also for other students working together on lab teams.

6. Make-up Classes: We understand that when a student misses a class, a parent should contact Science Partners **beforehand** about the absence. Since the class is small, an attempt will be made to reschedule the class. A parent may request a make-up class only if a student is absent for illness or family emergency.

7. Class Preparation: We understand that each student must finish lab sheets begun in class and any other homework assigned. We also understand that students have a reading assignment to be completed before each class. Parents agree to review class work, make sure assignments are completed before next class, check to see that the student brings all supplies to each class, and encourage each student to do his or her best.

8. Email: We understand that we must have an active email account that accepts attachments as part of our communications with Science Partners. We agree to check our account often, especially the day before class.

9. Class Supplies / Notebook: We agree to have all class supplies required, set up a science notebook as instructed in the handbook, cover textbook, and bring all supplies to every class.

10. Dress Code: We have read the dress code section of the handbook completely and agree to abide by it consistently.

11. Tuition: We understand that monthly science tuition is due on the class day for ten months, August through May, unless we have made one payment for the entire year by the first class in August. Tuition is \$100 per month for high school biology classes.

12. Tuition Late Fees / Returned Check Fees: We understand that tuition is late if not paid one week after the monthly class. If late, we agree to add \$5 per student late fee to our monthly total. We also understand that we will owe a \$15 fee for each returned check and that three returned checks will require future payments to be made by cash or money order only.

BY INITIALING ABOVE AND SIGNING BELOW, WE ARE CONFIRMING THAT WE HAVE READ, AND ARE IN AGREEMENT WITH, SCIENCE PARTNERS' POLICIES.
